(U) SPECIAL SECURITY OFFICE (001). The SSO advises and assists the Commanding Officer of FICPAC in his responsibilities pertaining to the administration and control of sensitive compartmented information (SCI) materials and billets. The SSO also supports the Intelligence Production Department through the distribution and control of SCI materials and imagery and provides limited assistance to COMSUBPAC and major afloat commands.

(U) The FICPAC SSO currently controls over 2000 SCI documents, 177 active SCI billets, 20 ACDUTRA billets (filled by 180 reservists over a twelve month period), four years of stored and cataloged overhead imagery (1982-1986), and numerous special files. The SSO also has responsibility for the security of FICPAC's two separate SCIF's (rooms 101 and 101A on the first deck, and rooms 305, 306, and 312 on the third deck).

(U) During 1985, the SSO handled approximately 800 outgoing messages; shipped over 2000 pounds of ARFCOS material; and received, routed, and controlled in excess of 80,000 messages and 13,000 pounds of ARFCOS material. This included over 385,000 frames of imagery in various formats.

(U) NAVAL RESERVE OFFICE (01R). The Reserve Liaison Office is a part of the Executive Department of Fleet Intelligence Center Pacific (FICPAC), Pearl Harbor, HI. The Reserve Liaison Office manages and administers the reserve program at FICPAC, which involves 695 reserve mobilization billets divided among 14 Fleet Intelligence Rapid Support Teams Pacific (FIRSTPAC) units located at 7 different drill sites throughout the western continental United States. Significant accomplishments this past year include:

(U) During 1985, 252 reservists performed ACDUTRA at FICPAC, contributing 17,352 man-hours of which 12,888 were devoted to direct intelligence production.

(U) SUPPORT DEPARTMENT (1 DEPARTMENT). The Support Department provides services necessary for the planning and coordination of all matters relating to the general administration of the command. The department is comprised of the Graphics Division (11), Administrative/Security Division (13), Document Support Division (14), Supply Division (15), and the First Lieutenant/Maintenance Division (1C). Significant accomplishments this past year include:

(U) Graphics annual production, given in work units, is as follows:

Photo - 339,336  
Drafting - 8,398  
Litho - 2,546,892

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

(U) Document Support Division Annual Distribution includes the following:

- 836 Separate pieces of correspondence
- 9,222 Publications (includes 2400 DIA publications)
- 3,414 Computer Tapes
- 549,463 Computer Output and Source Document Microfiche

(U) During this past year, over \$100,000.00 worth of ADP equipment was turned over to the Defense Property Disposal Office for further utilization.

(U) The Photography Branch received and installed new PAKO BC-24XL Color Printer. This machine, which produces superior quality first run prints, has reduced the waste factor by 50% and substantially decreased printing time.

(U) Lithography Branch installed new System Six Printing Press which has enabled the branch to significantly reduce production time while enhancing overall product quality.

(U) INTELLIGENCE PRODUCTION DEPARTMENT (2 DEPARTMENT). The Intelligence Production Department includes Naval Analysis, Strike Warfare, Amphibious Support, Current Exploitation, Soviet Naval Analysis, Naval Special Warfare Support, Collection Management, and Data Base Management Divisions. The mission of the department is to provide all-source intelligence, with a specialty and emphasis on imagery interpretation and analysis. Production includes both current intelligence and basic encyclopedic production in support of fleet, theater and national consumers. Significant accomplishments this past year include:

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

(U) INTELLIGENCE DATA SYSTEMS (3 DEPARTMENT). The Intelligence Data Systems Department provides systems analysis, programming, and ADP operations support to FICPAC intelligence analysts and to the operating forces of the U. S. Pacific Fleet.

(U) The Department operates two independent computer centers. GENSER materials are produced on an IBM 4341 system which is used to reformat the NIPS data base for fleet use in both magnetic and microfiche format. The Department also runs a system high DEC PDP 11/70 which provides access for FICPAC intelligence analysts to local and remote data bases.

(U) In addition to the computer centers, the department also operates a complete microfiche production facility, an information center, and maintains a full complement of systems analysts, systems, application, and data base programmers.

(U) During 1985, the FICPAC Intelligence Data Systems Department provided the following products to the operating forces:

- 3,414 computer tapes
- 436,455 pieces of computer output microfiche
- 103,826 pieces of source document microfiche

FLEET INTELLIGENCE CENTER PACIFIC  
JANUARY - DECEMBER 1985 COMMAND HISTORY (U)

PART II  
CHRONOLOGY OF HIGHLIGHTS (U)

\*\*\*\*\*

(U) The following is a brief chronology of significant events occurring during calendar year 1985:

JANUARY 1985 (U)

(U) The Plans and Programs Staff completed the final draft version of POM 87-91.

(U) Published first in a series of extensive Naval Capabilities Studies, replacing the out-of-date Threat Study series.

(U) Installed computer software to upgrade the GENSER computer system tape management package (UCC1).

(U) Completed IBM MVS operating system software generation to allow access to new 3380 sealed disk units which dramatically increased the amount of on-line storage available.

FEBRUARY 1985 (U)

(U) OOP participated in the POM 87-91 Navy ranking with CINCPAC-FLT and Numbered Fleets N2's on the east coast.

(U) Upgraded PACOM Data Systems Center (PDSC) software installed on the system high computer to correct several known problems and offer user control of classification markings on generated outputs.

(U) Added security measures to software running on the GENSER computer to improve control over user access to specific files.

(U) Initiated procedures to move user data sets from 3330 disk units to the newer larger capacity 3380 disks drives.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

MARCH 1985 (U)

(U) Coordinated civilian position reviews on all civilian job descriptions.

(U) The Plans and Programs Staff initiated a project to expand Building 352 by 43,000 square feet.

(U) POM FY 87-91 finalized by OOP.

(U) Standardized Amphibious Intelligence Support products between FICPAC and FICEURLANT, thereby enabling Navy amphibious forces and FMF to transfer operations between fleet areas without intelligence support problems.

(U) Installed M204 Data Base Management System (DBMS) release 8.0 on the GENSER computer system. M204 is the intelligence community standard DBMS.

(U) Developed and installed procedures to use IBM's Virtual Machine Facilities (VM/SP) system to provide data for work load simulation and sizing analysis.

(U) Implemented Naval Order of Battle (NOB) hard copy and microfiche production under DIA delegated production guidance.

APRIL 1985 (U)

(U) RLO represented FICPAC at the Naval Reserve Intelligence Programs Training Advisory Board held in Washington D.C. at the Defense Intelligence College.

(U) Began initial microfiche distribution of Blue Force Data Base.

(U) Implemented a 3380 disk resident computer operating system on the IBM 4341 computer. This system results in faster and more efficient processing.

MAY 1985 (U)

(U) Funds forwarded to Commander, Naval Intelligence Command (COMNAVINTCOM) for procurement of another Beacon Precision Enlarger (estimated delivery date NOV 87).

~~CONFIDENTIAL~~ UNCLASSIFIED

~~CONFIDENTIAL~~

(U) Production of first in series of six annual hard copy Naval Order of Battle publications. Production represented "first ever" achievement by any delegated producer of DIA Order of Battle publication.

(U) Initiated Change 1 to NIPS Users' Guide.

(U) Incorporated DIA distribution lists for NOB hardcopy into FICPAC M204 distribution data base resident in the GENSER computer system, automating the DIA Naval Order of Battle distribution process.

JUNE 1985 (U)

(U) Documented requirement for procurement of 25 intelligence workstations for CATIS Analysts. Will receive first five in AUG 86.

(U) Captain J. C. Clark relieved by Captain I. Krasts in a Change of Command ceremony.

(U) Implemented system for Bulk Data Recovery on the PACOM Remote Site (PRS) computer in the event of a casualty. This has proven to be a dramatic improvement in computer system survivability.

(U) Installed Computer Corporation of America's (CCA) precompiled Applications Subsystem (APSY) and release 2.6 of the M204 dictionary. APSY provides faster program execution to the analyst since code does not have to be recompiled every time.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

JULY 1985 (U)

(U) Forwarded feeder telecommunication service request to CINCPACFLT for a dedicated 9.6KB link to pass exploitation support data from 548TH RTG to FICPAC.

(U) Communications Controller Port Specifications forwarded to DIA. New controller will be added to the System High Computer Automatic Message Handler System configuration.

(U) Concept developed and approved for entirely new approach to production of Amphibious Intelligence Support materials. Amphibious Contingency Country Survey (ACCS) developed as comprehensive survey of MPS and amphibious data of an entire country or coastal area as means of providing a planning document to operational commanders that allow them to select options based on operational objectives vice intelligence produced. ACCS concept based on advanced collection, processing, and dissemination procedures that allow FICPAC to rapidly provide detailed data on areas identified as objectives through the ACCS.

(U) Implemented Personnel File in M204 DBMS.

AUGUST 1985 (U)

(U) Received copy of ATTC workstation contract which provides prototype models to FICPAC and FICEURLANT in 1986.

(U) 34 Division merged with 35 and organized as the Systems Application Branch (351).

(U) Hosted a PACOM M204 DBMS users' group meeting at FICPAC.

(U) Developed test tape of EXR record type for USS BLUE RIDGE.

(U) Completed modifications to NIPS data base for Revision 1 production.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

SEPTEMBER 1985 (U)

(U) New Xerox 1095 Multi-Copier installed in Lithography Branch replacing Xerox 9500 System. New machine provides essentially same features at a significant savings.

(U) Implemented M204 DBMS release 8.0.0 for production.

(U) Surveyed Electronic Warfare (EW) microfiche reissue users and forwarded responses to NISC to assume distribution.

OCTOBER 1985 (U)

(U) Coordinated the transfer of Host responsibility for Bldg. 352 from FICPAC to NAVSTA Pearl Harbor.

(U) Forwarded Engineering Change Proposal to INCO Corp. to modify existing IDHSC II software to transmit and receive exploitation support data.

(U) Data Base Management Division established to oversee the production of the Naval Order of Battle data base and hard copy publications, and of the Automated Installation Intelligence File (AIF) in fulfillment of delegated production responsibilities as a part of the DIA Delegated Production Program.

(U) Captain I. Krasts relieved by Captain C. R. Jones, Jr. in a Change of Command ceremony.

(U) Transferred the Integrated Information Display (IID) system which includes the VAX 11/70 and OIS-140 word processing to CINCPACFLT.

(U) Registered mail tracing function incorporated into the M204 Distribution Data Base to automate monitoring of receipt suspenses.

(U) Installed new release of TELNET software on the PRS.

(U) Developed preliminary user profiles for FICPAC in anticipation of receipt of MAXI message processing system in March.

(U) Made additional 2.5 billion gigabytes of disk storage available to 4341 users.

(U) Implemented NIPS Revision 1 production.

~~CONFIDENTIAL~~

NOVEMBER 1985 (U)

(U) FICPAC's Reserve Production Coordination Meeting was held in San Diego at Fleet Intelligence Training Center Pacific on 16 - 17 NOV 85. The meeting was attended by all FIRSTPAC commanding officers and production officers. FICPAC was represented by the CO, PO, RLO and five other personnel from the production department. The Director, Naval Intelligence Program, and representative from Chief, Naval Air Reserve were also present.

(U) MAXI concept of operations forwarded to CINCPACFLT.

DECEMBER 1985 (U)

(U) Developed, coordinated, and finalized POM 88 submission.

(U) Worked with PWC on design for reorganizing third deck floor plan.

(U) COMNAVINTCOM representative Mr. Bob Benoit and FICPAC personnel met with Naval Supply Center, Pearl Harbor personnel to discuss how to expedite the obligation of OPN dollars.

(U) Forwarded \$86,000.00 to Rome Air Development Center for funding of the installation of MAXI and on-site support of same system.

(U) Forwarded requirement to DIA for 60 to 80 micro-computers. Procurement is being sought from a DIA contract to be let in JAN 86.

(U) Completed and forwarded FICPAC POM 88 submission to COMNAVINTCOM.

~~CONFIDENTIAL~~

~~CONFIDENTIAL~~

(U) The Information Center became the third branch of 35 as 353. Their mission is to provide technical support to command micro-computer users.

(U) Developed and implemented the first end user menu driven job submission subsystem for FICPAC, documents library automated applications.

FLEET INTELLIGENCE CENTER PACIFIC  
JANUARY - DECEMBER 1985 COMMAND HISTORY (U)

PART III  
DISTINGUISHED VISITORS

\*\*\*\*\*

JANUARY

- VADM Burkhalter, Deputy Intelligence Community Staff, CIA
- COL Bruce D. Arnold, DIA, GM15 Charles P. Duecy, GM14 Robert I'Anson, GM15 Alan M. McDougall, DIA

FEBRUARY

- LTCOL Hart, SAC, 3RD AIR DIV
- RADM Robert P. Tiernan, Director, Naval Reserve Intelligence Program (DNRIP)

MARCH

- CAPT Frederick W. Levin, CO, FICEURLANT, COL Francis M. Burke, USMC, FMFLANT, MAJ Michael M. Bullen, FMFLANT
- CDR Lawing, CNO, OP-009F and COL Breede, HQMC to discuss power projection operations (MAGIC)

APRIL

- ES-4 Martin Hurwitz, GS15 John C. Berwing, GS15 Robert Cannon, GS15 George E. Findlay, LTCOL David D. Green, USA, ES-2 William T. Marquitz, GS15 Michael F. Munson, COL Ronnie C. Rice, USAF, General Defense Intelligence Program (GDIP) discussion
- COL Desario, USAF, Air Staff, LTCOL J. Grant, 548TH RTG, COL Savani, PACAF

MAY

- COL Edward Philbin, USAFR, Commissioner of Federal Maritime Commission
- LTCOL Staley, USMC, CMC to discuss Marine personnel and utilization

~~CONFIDENTIAL~~  
~~CONFIDENTIAL~~

JUNE 1985

- RADM Ian James, Deputy Military Joint Intelligence Organization (JIO)
- COL Kawahigashi, JMSDF
- GEN Williams, Defense Intelligence Agency (DIA)

JULY 1985

- COL Jay W. Terry, Air Force Special Security Officer (AFSSO)

SEPTEMBER 1985

- CAPT George Worthington, COMNAVSPECGRU ONE
- GS15 Manley Sullivan, Defense Intelligence Agency (DIA)

~~CONFIDENTIAL~~

FLEET INTELLIGENCE CENTER PACIFIC  
JANUARY - DECEMBER 1985 COMMAND HISTORY (U)

PART IV  
COMMANDING OFFICERS PAST AND PRESENT (U)

\*\*\*\*\*

AUG 1956 - JUL 1960	Captain B. J. MOYNAHAN, USN
JUL 1960 - JUN 1962	Captain L. T. MCQUISTON, USN
JUN 1962 - AUG 1964	Captain T. T. GUILLORY, USN
AUG 1964 - JUL 1966	Captain K. E. GULLEDGE, USN
JUL 1966 - JUL 1968	Captain E. E. KERR, USN
JUL 1968 - JUL 1970	Captain R. E. LYTTLE, USNR
JUL 1970 - AUG 1972	Captain A. R. JUSSELL, USN
AUG 1972 - JUL 1975	Captain L. E. CONNELL, USN
JUL 1975 - DEC 1975	Captain J. N. FORD, USN
DEC 1975 - JUL 1978	Captain L. L. HERZOG, USN
JUL 1978 - AUG 1981	Captain D. L. FEUERHELM, USN
AUG 1981 - SEP 1983	Captain R. F. DiPALMA, USN
SEP 1983 - JUN 1985	Captain J. C. CLARK, USN
JUN 1985 - OCT 1985	Captain I. KRASTS, USN
OCT 1985 - PRESENT	Captain C. R. JONES, JR., USN
